TIPS TO KEEP YOUR DOOR SKIN CLEAN

- Tough stains which are difficult to clean may require the use of undiluted household bleach or nail polish remover. Apply the bleach or nail polish remover to the stain and let it stand no longer than two minutes. Rinse thoroughly with warm water and wipe dry. This step may be repeated if the stain appears to be going away and the color of the laminate has not been affected.
- If stains continue, apply a paste of baking soda and water with a soft brush. Light scrubbing with baking soda clean the stain. Coffee or tea stain can be removed using a mild household cleaner/detergent and a soft bristle brush.
- To clean the surface, use a clean cotton cloth or sponge and mild soap/detergent.
